

# *bike* BOX24

MADE IN  
GERMANY

[www.bikeBOX24.eu](http://www.bikeBOX24.eu)

## Passion for innovation

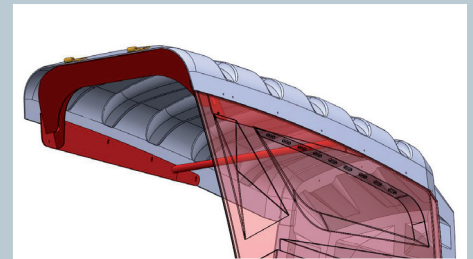

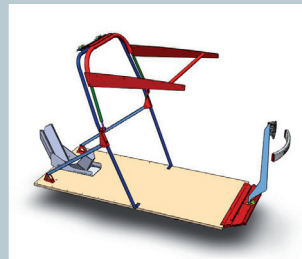

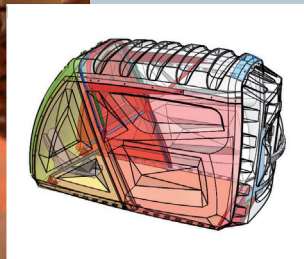

The journey from idea to finished product is long and arduous.

The idea to develop a garage system for motorcycles and bicycles originated in 2005.

In recent years, engineers have developed high-tech solutions to satisfy growing demands for safety, comfort and performance.

Modern cycles should be appropriately protected when not in use. However, until today there has been no adequate solution between a garage and a simple tarp.

The idea to develop a solution, offering the comfort and protection of a conventional garage while being flexible and space-saving, was therefore born.

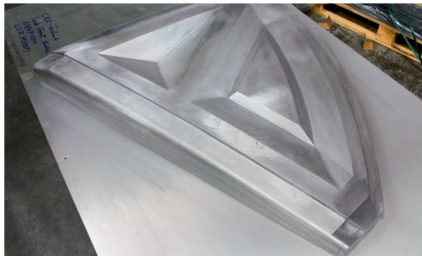

## Pursuing visions until realization

From 2005 to 2011 we have developed ideas, drafted, built and tested prototypes and improved them.

Once satisfied with the improvements and test results, the bikeBOX24 was released for production.

A six figure investment was necessary for R&D and aluminium deep draw tooling.

## The solution is high-tech plastic!

After years of development and many tests, it was clear that only a high-tech plastic could meet the demands for safety, weather protection, design, care and comfort.

**PMMA Multilayer-Plastic** has been used in automotive engineering for many years. It consists of an impact resistant modified ABS-substrate layer and a UV and scratch resistant PMMA outer layer.

**Senosan AM50 high-tech plastic is also used in**

- body parts
- car parts like spoilers and covers
- pick-up or hard-tops
- caravan parts
- parts for farming machines

This high-tech plastic was specifically developed for outdoor areas and withstands long term exposure to temperatures ranging from  $-30^{\circ}\text{C}$  to  $+70^{\circ}\text{C}$  ( $-22^{\circ}\text{F}$  to  $158^{\circ}\text{F}$ ).

## Features

Overhead swinging tailgate with gas pressure telescopic springs

Rain proof holes for garage ventilation

Motorcycle garage made of weatherproof high-tech plastic

MADE IN GERMANY

**bike BOX<sup>24</sup>**

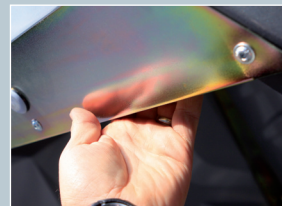

Lockable via integrated security cylinder lock

Aluminum handle

Galvanized metal pieces

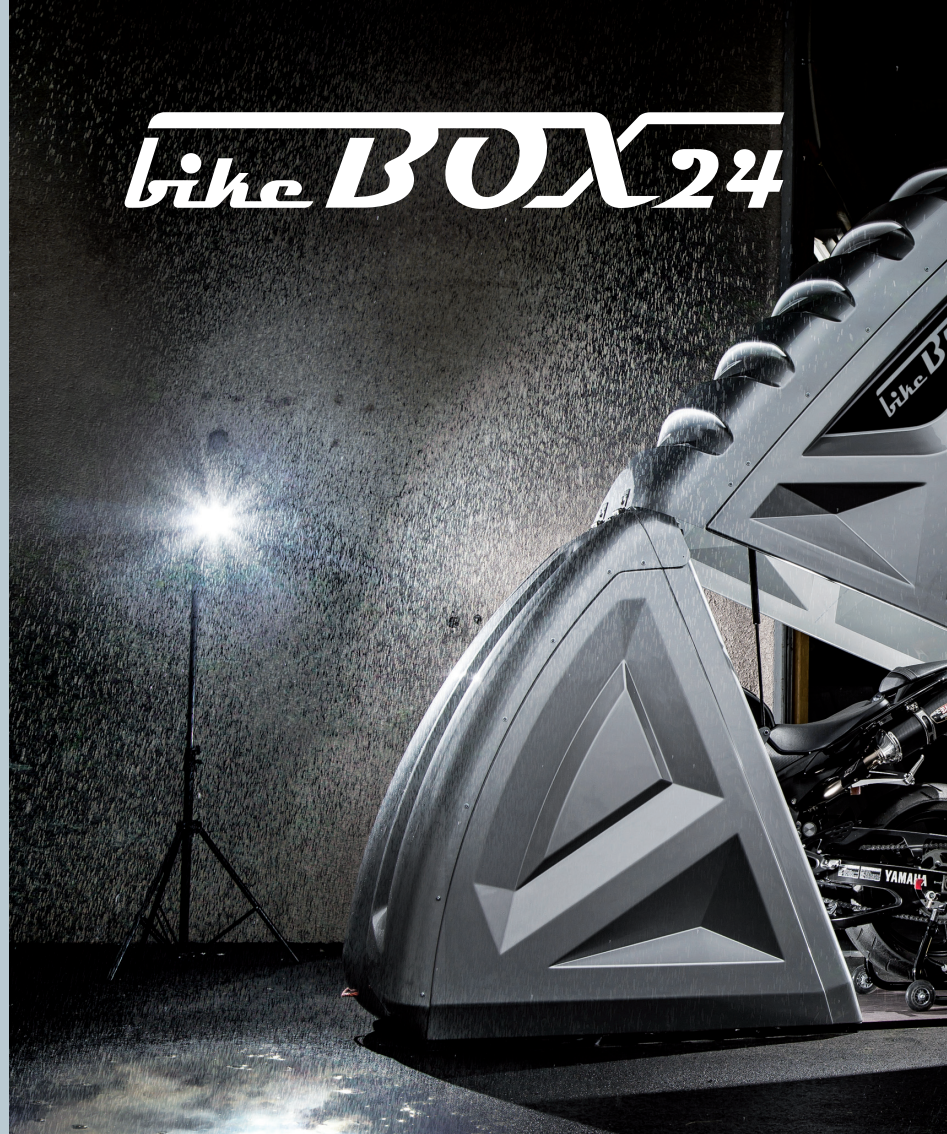

Water proof multiplex floor plate (scandinavian quality)

## The benefits are clear...

- functional design, chic look and optimal protection
- weatherproof even in snow, hail, rain, storm and direct sun light
- comfort of a garage – open bikeBOX24, drive in, close
- immediate access to the bike enables spontaneous use
- the bikeBOX24 is lockable

– Around the clock  
**protection!**

- compact and stable yet flexible and mobile
- small footprint, no building license required
- two sizes available – standard and XL
- can be bolted into the ground

# likeBOX24 Standard

external dimensions ca.

- length: 2,70 m
- width: 1,15 m
- height: 1,70 m (open 2,95 m)
- foot print: 2,35 x 0,92 m

internal dimensions ca.

- length: 2,50 m
- width: 0,92 m
- height: 1,47 m

weight ca. 150 kg

color

- silver metallic front, anthracite rear

Technical specifications subject to change.

Customized colors and configurations are available for a surcharge.

# like BOX24 XL

external dimensions ca.

- **length:** 2,85 m
- **width:** 1,55 m
- **height:** 1,75 m (open 3,00 m)
- **foot print:** 2,35 x 1,28 m

internal dimensions ca.

- **length:** 2,65 m
- **width:** 1,25 m
- **height:** 1,55 m

weight ca. 180 kg

color

- silver metallic front, anthracite rear

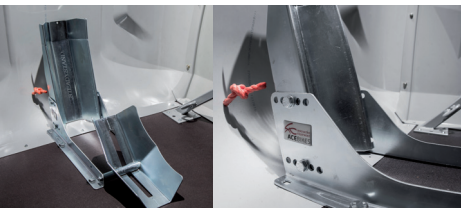

Technical specifications subject to change.

accessories

- motorcycle fixation – included

Additional options available on request.

## Suitable for

### Motorcycles

The standard design is suitable for all sports motorcycles, scooters, as well as small and medium sized touring bikes. In addition, most choppers will fit.

Larger bikes like Sports Tourers, Travel Enduros and long wheelbase Choppers will find ample space in the bikeBOX24 XL.

### Quads

Most popular quads will fit in the bikeBOX24 XL.

### Bikes / E-Bikes

Up to 4 bikes or e-bikes can fit into the bikeBOX24.

### Utilities

Of course the bikeBOX24 can be used for other utilities such as lawn mowers, snow blowers and many more.

## Possibilities for commercial use:

- real-estate companies
- rental agencies
- planning coordinators
- architects
- parking garage operators

Offer your customers added values with the bikeBOX24 – a forward thinking solution!

## A profitable highlight in your city, community or municipality

Offer more protection and comfort to your motorcyclists and bikers while creating an attractive and cultivated cityscape.

The bikeBOX24 GmbH already serves various projects in this sector.

We will gladly work with you to develop a customized concept.

## The bikeBOX24 is ideal for advertising

This product is so unique and attractive that it really stands out. Exactly what an advertising tool is supposed to do. We'd be very happy to work with you to create a unique and attractive eye catching design.

Foliation is the key word.

## bikeBOX24

### Traveling world wide

bikeBOX24 has already been showcased at various national and international trade shows.

Within a short time an extensive network has developed.

- MOTORbeurs Utrecht  
(Netherlands)
- INTERMOT Cologne  
(Germany)
- Tokyo Motorcycle Show  
(Japan)
- Gulf Bike Week Dubai  
(UAE)
- Various Motorbike events

## bikeBOX24 in the press

Many leading magazines have already reported on the bikeBOX24.

You can also find us on **YouTube**, under 'bikeBOX24'!

## Customer Opinions

Translations of the following are available on request.

„Ich bin sehr zufrieden mit der bikeBOX24 Standard und könnte nicht mehr darauf verzichten.“

Robert aus der Schweiz

„Eure bikeBOX ist einfach toll. Sie hat meine Erwartungen voll erfüllt.“

Michael aus Pirmasens

„Mit der bikeBOX bin ich sehr zufrieden. Werde euch weiterempfehlen. Ihr seid spitze!“

Angelo aus Neu-Ulm

„Wir haben die bikeBOX! Tolle Sache! Wunderbar! Es hat sich gelohnt!“

Gabi aus Albaching

„Bin nach wie vor von der bikeBOX24 überzeugt und voll zufrieden.“

Rainer aus Niederlangen

„Mit meiner Box bin ich sehr zufrieden und rühre daher auch die Werbetrommel für sie. Ich finde sie genial!“

Lothar aus Bergisch-Gladbach

„Ich akzeptiere für meine Mopeds nur das Beste!“

Wheelie-Konni aus Marburg

## Service

Excellent service – before and after your purchase.

We gladly help you find the optimal storage solution to meet your needs.

## Delivery

We personally assemble and deliver the bikeBOX24. Of course, pick-up on-site is also possible.

## Progress instead of standstill

In the best interest of our customers, we are constantly following market trends and we understand our customer's needs. We are always working on new ideas and the best way to realize them.

The **bikeBOX24 Trailer** is a technical highlight and our newest idea. Through the use of a special axle, it is possible to lower the trailer platform. This makes it easy to put an bike-BOX24 XL with you on vacation or to a special event or whatever.

### Special features:

- the platform can be lowered
- welded frame construction
- integrated front and rear railings
- integrated 1.53m tie down rail
- modular extendable
